

artist's with connection Kevin Fagan

Thank you for your interest in appearing on Artist's Connection.

Artist's Connection is taped once a month at [Davis Media Access](#) at 1623 Fifth Street in Davis, California. The show airs on local public access television and will also be available on The Artist's Connection's [website](#) and [YouTube channel](#). The goal of the show is to help artists forge a deeper connection with their audience and to help viewers gain a better appreciation of the person behind the art.

Each episode of the show features three separately taped interviews of three different artists with introductions and commentary provided by host, Kevin Fagan. Each artist participates in a 15 minute discussion with the host about the topic of the month. Questions focus on what motivates the artist and on what the artist **thinks** and **feels** about the topic. The following topics will be discussed in upcoming shows, though not necessarily in chronological order:

- Forming a Band
- Songwriting I (General)
- Songwriting II (Writing for Other Artists)
- Songwriting III (Collaboration)
- Performing Live I (Preparations)
- Performing Live II (The Show)
- Marketing I (Self Marketing)
- Marketing II (Hiring Pros)
- Music Industry I (Signed)
- Music Industry II (Unsigned)
- Music Industry III (Evolution)
- Touring
- House Concerts
- Social Media
- The Day Job
- Balancing Art and Family
- Art as a Business
- Art Education
- Choosing Venues
- Defining Success
- Recording I (Preparation)
- Recording II (The Session)
- Recording III (The Mix)
- Recording IV (The Product)

Taping sessions are usually scheduled for Saturday afternoons. The artist comes in, has a discussion, performs **one** of their songs, and that's it. The intros and commentaries are done in post production. So we keep the time commitment for the artist at a minimum. Please contact us for further information.
